Partner 1: Have you got an outfit picked out for Junie's party?

Partner 2: Hey, about that. I'll only be able to stay a couple of hours.

Partner 1: What, really? She rented the venue out until 2:00 AM.

Partner 2: I know, but...

Partner 1: What are you feeling? Really, I won't judge.

Partner 2: I want to come and see everyone, but the loud music, lots of people and drinking... you know it's not really my scene. So, I probably won't stay too late.

Partner 1: Ah, I get that. It can be kind of overwhelming. Well, do you mind if I stay late?

Partner 2: Go have a great time. I can even pick you up after if you want. Sleepover at my place?

Partner 1: That's exactly how I want to end the night.
